

Protrexacom • IT, Accounting &amp; Web Support

# One team for printers, accounts, security & your website.

We help you keep devices, accounting tools, Microsoft 365, antivirus, websites and CRMs running smoothly – with one simple support partner instead of juggling 5 different vendors.

What clients say

## Proof, not promises.

Real outcomes across PPC, SEO, Web, and Security—clear communication, tight timelines, measurable lift.

Mabel Clément

Co-Founder • Northbridge Commerce

Protrexia modernized our entire Microsoft workspace – Teams, Outlook, OneDrive, and device policies. Everything is finally synced, secure, and running smoothly across the company.

Connect

Ari Dupont

Finance Lead • Lumina Creative Studio

"Our accounting workflows were a mess until Protrexia connected QuickBooks, invoices, reconciliation, and reporting. Month-end closing that took days now takes less than two hours."

Danielle Moore

Operations Manager • Glowhouse Media

"We stopped wasting time on printer errors and network issues. Protrexia handles setup, monitoring, drivers, and on-call fixes – our office hasn't had a print outage in months."

Victor Chan

Head of IT • Skyline Mobility Group

"With Protrexia's EDR monitoring and security patching, our infrastructure finally feels protected. We get real-time alerts, automated isolation, and weekly threat reports we actually understand."

Ananya Rao • Protrexia rebuilt our website with fast load speeds, SEO-ready structure, and clean UI. It now converts better, ranks faster, and is far easier for our team to maintain.

David K. • Protrexia built a custom CRM for our sales and support teams – pipelines, roles, automation, and reporting. We finally have a system tailored to our workflow, not the other way around.

What we offer

## Reliable IT & Digital Services for small businesses

From printer repairs to bookkeeping, CRM development to antivirus security – get clear, outcome-focused support that keeps your business running smoothly.
